# 1st Intra MLU Model United Nations Conference, 2024

**Model United Nations** conferences are academic simulations of the United Nations where students play the role of delegates (Country representatives) which are assigned to them, and attempt to solve the pressing real-world issues with the policies and perspectives of their assigned country. In a conflict ridden world, where physical aggression has successfully failed all the times in expediting any viable solution, debate and deliberation seem to be instrumental in fostering a sustainable panacea for peace. Peace for a reason is not a choice but an ultimatum, such an ultimatum has to be enthroned a dominant desideratum if mankind has to take the civilizational march forward. Such spatiotemporal march of civilization can happen only with an inclusive participation of humanity. So who else than the vital force of humanity I.e. the youth?

A conference as this one aims to direct the youthful bright minds to foster peace through dialogue and deliberation, which seems to be the ultimate desideratum for a world to be united as a family.

"In the words of Albert Einstein, 'Peace cannot be kept by force; it can only be achieved by understanding.' As we navigate the complex landscape of humanity, war and peace echo through our collective consciousness. The Model United Nations (MUN) serves as a crucible for forging this understanding, empowering delegates to contemplate the world's challenges and cultivate solutions. At Madhusudan Law University's inaugural MUN, we beckon participants to delve into the depth of global issues, to ponder the intricacies of our shared existence. This platform is not merely an academic exercise but a call to action, inspiring each delegate to contribute their best. May your MUN experience be transformative, leading to enlightened perspectives and meaningful connections. Here's to a successful first MUN at Madhusudan Law University, where minds converge for a brighter future.
